EXPRESSION OF CONCERN: Training engineers in a machining laboratory: Knowledge, gender and *gambiarra*

The editorial team of *Cadernos de Pesquisa* (Fundação Carlos Chagas) issues this Expression of Concern regarding the following article:

Guerrini, D., Alencar, A. Y. N. de, & Santos, L. P. (2020). Training engineers in a machining laboratory: Knowledge, gender and *gambiarra*. *Cadernos de Pesquisa, 50*(176), 400-413. https://doi.org/10.1590/198053147066

Following receipt of an extrajudicial notification raising questions about research ethics procedures and the protection of research participants, the journal initiated an editorial inquiry and requested clarifications and documents. The matters raised remain under review, and no conclusions have been reached.

This Expression of Concern is provisional, does not constitute a retraction or a judgment regarding the authors' conduct, and will be reassessed in light of the inquiry and any further developments. Any appropriate editorial measures will be communicated to readers in accordance with the relevant guidelines (COPE Council, 2024; SciELO, 2025).

Rodnei Pereira
Editor-in-Chief, *Cadernos de Pesquisa* (Fundação Carlos Chagas)
